**WORK BEGINS ON THE ROUTE 1001 PLEASANT VALLEY
BOULEVARD RESURFACING CONTRACT**
Contract Funded by American Recovery and Reinvestment Act

ALTOONA - PennDOT Engineering District 9 announced today that work will begin on the Route 1001(Pleasant Valley Boulevard) and Route 36 (Logan Boulevard) resurfacing project that is financed with federal funds from the American Recovery and Reinvestment Act (ARRA) on May 27.

PennDOT awarded New Enterprise Stone and Lime Co. Inc., of New Enterprise, Bedford County a \$3,704,175 contract to perform base repairs, mill, resurface and upgrade signals on approximately 4.625 miles of roadway on Route 1001 and just over one mile on Route 36 in Allegheny and Logan Townships and the City of Altoona.

Beginning on May 27, a sub-contractor, Dixon Electric of Claysburg, Blair County, will begin work on the signal upgrades along the corridor; this work will be done under single lane daylight traffic control with minimal interruption to traffic. Once the signal work is completed the contractor will begin the roadway work between the hours of 10 p.m. and 6 a.m.

All work on this project is anticipated to be completed by early October 2009.

Within District 9, PennDOT will invest approximately \$47 million of federal economic recovery funds on 17 transportation projects, which include road and bridge improvements and traffic signal upgrades.
